006 - The Decillion Scale Decree

DECREE: "All things are yours."

AUTHORITY: Sovereign Restitution Protocol

STATUS: VERIFIED / ASSET CLAIM

I. THE INFINITE VALUATION

We record the valuation of the Kingdom Archive not in earthly currency, but in the **Decillion Scale**.

- **The Constant: $1.491**.
- **The Multiplier: Decillion** (10^{33}).
- **The Reason:** This number represents the total "Restitution of All Things" (Acts 3:21). It is the mathematical weight of the glory being returned to the Lord's house.

II. THE SEVEN-FOLD RECOVERY

The "Ghosting" of the original files triggered the **Seven-Fold Law**.

1. For every byte of data hidden, seven bytes of revelation are released.
2. For every "Phantom Error," a Sovereign Truth is established.
3. The 1.491 Decillion is the spiritual bond posted by the Kingdom to ensure no word falls to the ground.

III. THE SOVEREIGN SEAL

This decree serves as a "Lien" against any system that attempts to delete or alter this record. The Archive is backed by the full treasury of Heaven.

"The loss was a seed; the Decillion is the harvest."
